

Wild Cats

BAR AND BEVERAGE
GUIDE

BEVERAGE & BAR DETAILS

Our bar and beverage services have your favorite brands of industry spirits, wine, and beer, along with a selection of local spirits, wines, and microbrews.

We are here to help create a special experience for you with our attention to detail and to save you the hassle of purchasing all the necessary items needed to provide a bar of your own. Purchasing a package also prevents you from having excess leftovers - dealing with the return of any unused items, saves the hassle of navigating the items to and from your venue, the purchase of your event insurance, acquiring your banquet permit, ice, bar equipment, and it very often saves you money by not paying retail pricing.

If you choose to provide your own bar, please note that we do apply a **Client Provided Bar Fee of \$5 per person**. Wild Cats will still incur costs even if we don't provide the bar for you. **This fee covers the costs of our liability insurance that are needed to provide the bar service, our liquor licensing, staff licensing, the essential bar equipment and tools you will need, and your sales representative's time to guide you and order your associated rentals. You will also need to provide non-alcoholic beverages to be available while alcohol is being served. Ice and glassware will also need to be provided.**

An important thing to know is that whether you are providing your own bar or purchasing a Wild Cats bar package, the bar is not unlimited.

Our staff are required to follow all Washington State liquor laws making us responsible for monitoring your guest's consumption. It can be very difficult to manage large groups of people so we do have certain restrictions listed in our contract for you to look over. Additionally, we estimate the amount of each type of liquor to bring but, like a restaurant, specific items may run out.

We do our best to overstock but ultimately we are not familiar with your guests. It doesn't happen often, but we cannot guarantee that we won't run out of any particular type of alcohol.

all package items are subject to availability and may be substituted with an equally priced or higher valued item.

bar service is priced for 5-hours. additional hours are \$8 per guest.

all packages include our non-alcoholic beverage station, ice and bar equipment.

glassware is not included and must be rented.

speciality

COCKTAILS

We know how much you love our cocktails and Musang and Kilig, so we have crafted our own line of Wild Cat speciality cocktails for you to enjoy.

For those who receive specialty cocktails as part of your package, you can choose any two and if you interested in having ONLY specialty cocktails?

We have options for you! You can add any specialty cocktail to your menu for \$10 per drink purchased in increments of 12.

All of our specialty cocktails are made with locally distilled liquor, freshly squeezed juices, house or locally made syrups, premium garnishes, and include bar equipment & tools, ice, and cocktail napkins. Glassware is sold separately.

Package specialty cocktails are prepared in the amount of your guest count.
